Rooted cuttings of chrysanthemums half price of potted plants when two or more of a kind are ordered, except patented varieties and current introductions.

Patented Varieties. We have not found them any better than others of same color except Fred W. Rockwell. One cannot sell them or give them away. In my opinion, they are not worth bothering with.

1953 CHRYSANTHEMUM INTRODUCTIONS

ADMIRATION (1953) (Bristol 74-49 CN) Achieving the utmost plant hardiness, plus the maximum in floral beauty. A delightful blend of bright peach, salmon fawn and soft red gold flushes rugged 100% hardy.	30	Sept. 25	1.25	12.00
GONDOLIER (Bristol 67-49 SON) Like wine-dipped jewels of the Orient, 3½ inch flowers, full and deep indescribable crimson, vermillion to claret colorings. Faintly dusted silver. Extraordinarily lovely.	30	Sept. 28	1.25	12.00
FORBIDDEN FRUIT (Pompom 1¼ inch) Coral pink with lighter reflex. Good to cut, stands up in all kinds of weather. Long-lasting. Nothing like it	24	Oct. 15	.75	7.50

CHRYSANTHEMUM CULTURE

A few do's and don'ts: Plant in well prepared soil that has had a coat of manure the previous fall or winter if you have it, or an application of commercial fertilizer worked into the soil 10 days before planting. Side dress with any fertilizer about July 10th, again when buds appear just before a rain. Keep well cultivated, pinch out top when 6 or 8 inches high, again after the side branches have made good growth. Not after July 20th it might be too late for buds to set. Don't plant too near a building or tall trees. Give them room enough to develop and produce the blooms you expect. By all means dig up your old clump each Spring, divide using the new shoots, destroy the old one. You will be rewarded for your labor.

Remember Me (Coles). Won 10 prizes at the recent chrysanthemum show of the Chrysanthemum Society of South Jersey held at Merchantville, N. J. Try disbudding this one.

ALERT. One of the most richly colored earlies, a glowing claret purple. Good 2½ in. flower.	24 Sept. 20	.50	5.00		
ALEX CUMMING (86-48 CPK Bristol). Superb 4-inch flowers. The purest cerise possible. Soft erina to a cleanly pleasant rose. The majestic blooms in curve at center, recurve at petal ends, giving an exotic appearance of a green house commercial. A faint gold tinge. A center giving a lovely color effect under artificial light, it makes many vivid 18-inch stems for cutting single flowers.	30 Oct. 3	1.00	10.00		
ALLEN FELTEN (Feltten), D. An excellent new double lemon yellow chrysanthemum you will want in your garden or if a cut flower grower don't miss it.	Oct. 15	.50	5.00		
(I 49) ANNIVERSARY , (Coles). Double, extra good. light pink. Rosy buds, faintly buff at center on opening, good growth, good foliage. Plant 24x24. Flowers 2½ to 3 in.	Oct. 1	.50	5.00		
APAPAHOE (NP 145) Huge flowers 3-5 in. in diameter without disbudding, are produced in clusters, 3-5 blooms on long stems. The color is a rich red with a reddish bronze reverse. Petals are long and strap-like with slight waviness which gives them an informal appearance. Apapahoe is extremely frost resistant, a continual bloomer.	36 Sept. 17	.50	5.00		
avalanche , D. The world's best large, creamy white	22 Sept. 5	.50	5.00		
AVIATOR , D. New coppery-red. Vigorous and easy grower	24 Oct. 5	.50	5.00		
BETTY , D. Upright apple-blossom pink with deep rose center	28 Sept. 28	.50	5.00		
BOKHARA . (Bristol 1947). Rich beautiful blending of soft crimson and warm shades—brings to mind the exquisite loveliness of the rugs of Bokhara. Thus its name Bokhara is a hardy, upright plant, disease resistant foliage, full double flowers carried on stiff well branched stems that hold up in all weather conditions.	24 Oct. 10	.50	5.00		
BRONZE PYRAMID , D. Orange-bronze, large flowers, wiry stems. Blue ribbon winner	40 Oct. 12	.50	5.00		
CARNIVAL (37-45 CPK) Conspicuously distinct among its garden companions throughout the long mum season is this gay newcomer. "Glowing burnt orange" best describes the play of bronze, red and golden bronze shades, literally, it gleams.					
The full double blossoms, 3½" across, carried on long, slender, nicely branched sprays are perfect for cut arrangements; the heavily branched plant amazingly free and productive. Inheriting from its Nipponicum lineage, lusty, dark green foliage carried right down to the ground, the plant alone is a garden ornament.					
CATHERINE COLLINS . We believe the best early yellow pompom to date. Blooms from Sept. 10 until killing frost. 3' stem. A fine florist variety Extremely hardy.	Oct. 10	.50	5.00		
CECIL BEED , D. (Wallie's Gdns.) Splendid early, full double, deep lavender-pink. Very dependable and free flowering.50	5.00

From Beaumont, Texas

Dear Sir,

In regards to the Mums I must say that this is the first time that I have received plants as far away as Magnolia, N. J. to Beaumont, Texas, and not even have a wilted leaf among the plants for in the past we have expected to lose one in every five plants. I will not hesitate to recommend your plants both for size and the care that is taken in packing them for shipment. And I should know as I have experimeted for the past 6 years with plants and getting them shipped from almost every state in the United States. R.E.G.
